Description

Hair Remover Drain-free is a water-based, extremely alkaline, chlorine-free, fast acting and high-concentrated drain cleaner. It Eliminates hair, grease, blood and other organic matter from siphons, pipes and drains, so that the formation of unpleasant odours will be prevented.

Application

Dosing recommendations for typical uses of the product:

Completely blocked drains	200 ml	Exposure time	10-15 min.
Partially blocked drains	200 ml	Exposure time	5-10 min.
Regular cleaning / slightly blocked drains	100 ml	Exposure time	3 min.

In any case, flush the drain with plenty of water after cleaning. Do not mix with other cleaners!

Compatibility with common materials:

Steel / Stainless steel	resistant	Aluminium	not resistant	Non-ferrous metals	limited resistant
plastics	limited resistant	painted surfaces	limited resistant	Galvanized surfaces	not resistant

In the case of sensitive materials, please test the product on a sample or an inconspicuous part of the individual piece before use. If you are unsure, we will be happy to advise you. Further information on labeling, handling and disposal of the product is available from the safety data sheet.

Key to above table :

resistant	limited resistant	not resistant
